CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claim(s):
- ☐ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

see sheet B

- ☐ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☐ As all searchable claims could be searched without effort justifying an additional fee, the Search Division did not invite payment of any additional fee.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- ☒ None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:
- 1-5 (completely), 11-26 (partially)

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

1. claims: 1-5 (completely), 11-26 (partially)

Peptides comprising the sequence with Seq-ID-N°1; said peptide conjugated to a cytotoxic agent; compositions comprising said peptide; a kit comprising said peptide. medical use of said peptide; the use of said peptide for the preparation of a medicament.

2. claims: 6-10(completely), 11-26(partially)

Peptides comprising the sequence with Seq-ID-N°5; said peptide conjugated to a cytotoxic agent; compositions comprising said peptide; a kit comprising said peptide. medical use of said peptide; the use of said peptide for the preparation of a medicament.

摘要(译)

提供了拮抗IGF-1与其结合蛋白, 胰岛素受体和IGF受体相互作用的肽。这些IGF拮抗剂肽可用于治疗涉及IGF-1作为病因的疾病, 例如各种癌症。
